NAVIGATING THE FUNDING MAZE

We understand that energy efficiency projects can be capital intensive for businesses to complete. With that in mind, we have partnered with Alternative Business Finance Brokers (ABFB), a specialist energy efficiency finance broker. ABFB has access to an extensive range of lenders, which make quick decisions and provide low-cost finance facilities. Alternative Business Finance Brokers can assist businesses with accessing finance under the SBCI Energy Efficiency Loan Scheme. This scheme provides unsecured loans to businesses of up to €150,000 over 10 years, at very competitive rates of interest. Contact us today for more information.
